OGLETHORPE COLLEGE FORMS PRESIDENT'S COUNCIL

Oglethorpe College has formed a President's Council to aid the present and future programs of the College by counseling and advising the President and other administrative officials.

The Council has already held several planning meetings and on May 24, they met officially for the approval of by-laws and the election of officers. The meeting was held at "Cranham," the College Home of the President, Dr. Paul R. Beall.

This is the first time that such a group has been formed at Oglethorpe. The President's Council will serve as interpreters of the College's plans and programs to specific groups and especially the general public. Each member is an outstanding business or community leader. They will also encourage students of character and personality to apply for admission at Oglethorpe.

Garland F. Pinholster, vice-president for Development at Oglethorpe, and one of the key men in the actual formation of the Council said: "President Beall and all of us at Oglethorpe are elated with the wonderful men who have accepted our invitation to join the Council. Oglethorpe Receives Library Gifts

While Oglethorpe College is growing in student enrollment, faculty, and campus buildings, the Oglethorpe Library is expanding also to meet the increasing demands for reading and research materials. Promoting the library's service to the student body, alumna Carla G. Hancock, class of '57, of Atlanta, has initiated a new concept in annual alumni giving to the College.

Recognizing the need of the library to delve more completely into depth with some popular and classic authors, Miss Hancock consulted with Thomas W. Chandler, Jr., Oglethorpe Librarian, in late 1964, and instructed him to order all of the Jules Vernes books in print and contribute the set as a gift-in-kind to the College.

Chandler stated that the library has received 35 of Vernes' volumes to date, valued at \$55.00, and has a standing order with the publisher to complete the set as the books are translated. Chandler added that this collection is, to his knowledge, the only complete set of Vernes in the area.

"For this year's annual contribution," said Chandler, "Miss Hancock instructed me to order all the material we could get on Nathaniel Hawthorne." He stated that the library has recently received 16 of these volumes and has others on order. The entire set is valued at \$75.00.

Commenting on a recent conversation with Miss Hancock, Chandler said her current interest is in concentrating

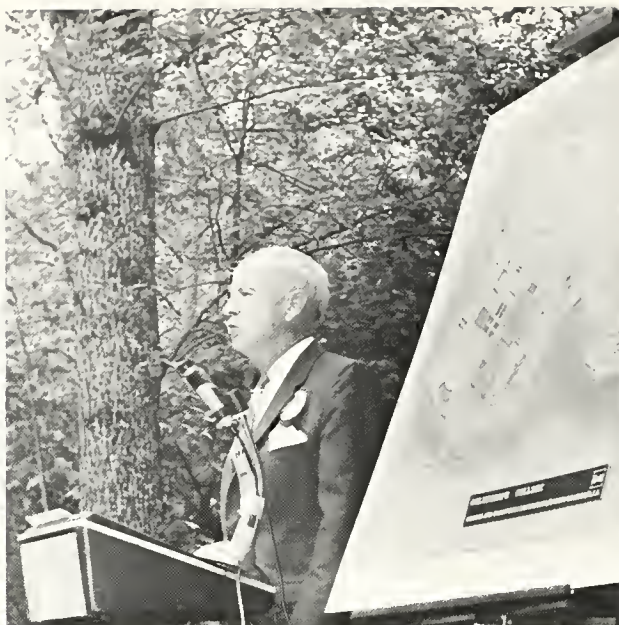

on completing sets of American authors, with special emphasis on materials and volumes which are lacking in this area.

Chandler said Miss Hancock expressed preliminary interest in completing the Walt Whitman collection, but has made no definite decision as yet for her next project other than the author will be American. He added that the library currently has a small nucleus of the great many of Whitman's volumes, but said he knows of no complete Whitman collection in this area.

Another recent contribution to the library, Chandler reported, was an unrestricted \$100.00 gift from Mrs. William S. Bonham of Princeton, N.J. Her son, David, returns to the College this fall as a sophomore. Chandler said he was undecided as yet what books to purchase with the donation, but indicated strong preference for more research materials.

GROUND BREAKING 1966

A new era at Oglethorpe was formalized on May 16 when the College broke ground on a new two million dollar building project for a student union building and new dormitories. The pictures on this page and our cover this month vividly portray the events of the day.

Dr. Paul R. Beall, president of the College, is shown making his remarks at the Ground Breaking Ceremonies.

Senator Talmadge lifts the first hunk of ground at the Ground Breaking Ceremonies. Giving moral support to the Senator, are Garland F. Pinholster, vice president for Development; Frank Sheetz of Sheetz and Bradfield, the architectural firm; Dr. Paul R. Beall, president of the College; Dr. Cheever Cressy, vice president for Academic Affairs; James E. Findlay, vice president for Business Affairs; Dr. Philip Welner, former Oglethorpe president, and Robert L. Foreman, chairman of the Oglethorpe Board of Trustees.

Senator Herman Talmadge addresses the assembly on hand for the Ground Breaking Ceremonies.

HOPE AND EUBANKS INDUCTED INTO ATHLETIC HALL OF FAME

Lucien (Bird) Hope and Mark B. (Banty) Eubanks were inducted into the Oglethorpe Hall of Fame on Saturday, May 14.

The formal ceremonies took place at a noon luncheon of the Oglethorpe Booster Club, as a part of the Alumni Day festivities. The Oglethorpe Hall of Fame which includes such Petrel greats as Luke Appling and current basketball coach Garland Pinholster, made Hope and Eubanks its fifteenth and sixteenth members.

Hope, who finished at Oglethorpe in 1921, was an outstanding catcher and battery mate of Dr. L. N. Turk, who is already a member of the select group. Hope was also Appling's first baseball coach at Fulton High School. Steve Schmidt made the presentation on behalf of Appling, who was unable to leave his coaching duties with the Kansas City Athletics.

Eubanks, '30, is remembered as a one-man track team at Oglethorpe in the late twenties and early thirties. The bantam speedster took part in practically all of the track and field events and won honors in many meets. Eubanks currently lives in Greenwood, South Carolina, and was on hand for his presentation, which was made by a former classmate, William Perkins, '29, of Atlanta, an Oglethorpe trustee.

Lucien W. "Bird" Hope, '21, and M. B. "Banty" Eubanks, '30 are congratulated by outgoing Booster president Ansel Paulk, 1939, on their induction into the Oglethorpe College Athletic Hall of Fame. The ceremonies took place on Alumni Day during the Booster Club luncheon.

dition to any college staff. I think he is a very able young man."

Stephens is past vice president of the Atlanta Tipoff Club, and president-elect for 1966-67. He is just one of the many former basketball players under Coach Pinholster who have joined ranks in top coaching positions.

Stephens Named Assistant Coach at Georgia

Pat Stephens, '59 was recently named assistant basketball coach at the University of Georgia. Announcement of Stephens appointment was made June 20 by Georgia Athletic Director Joel Eaves. He will assume his new duties on August 15.

A major force in Atlanta area basketball, Stephens was originally a star on Brown High School's city champions in 1954 before joining Garland Pinholster's '58-'59 Oglethorpe team, which finished with a 24-1 campaign, the school's finest one-year record.

Head basketball coach at Walter George High for 2 years, Stephens moved to Druid Hills and his teams enjoyed winning seasons for the past 5 years.

Commenting on Stephen's appointment to the number two basketball coaching position at Georgia, Head Coach Ken Rosmond said, "I have very high respect for Coach Stephens and think that he would be a good ad-

Oglethorpe Concludes Great Tennis Season

Rain was the only deterrent in the happy conclusion of a great season for the Oglethorpe tennis team.

The Petrel netters were washed out of their last two matches with North Georgia and finished the campaign with an outstanding 16 and 3 record. Coach John Guthrie's charges took great pride in the fact that they won their last 11 straight matches without a defeat. The only blots on the 1966 record was an opening loss with Amherst when the boys had a case of freshmen jitters and two losses on a Florida trip, one of these to Rollins, who experienced an undefeated season.

Final statistics show that Joe Dennis and Steve Lynn tied for honors in total matches won with 14 each. Robbie Danner and Clark Raby followed closely with 13 winning efforts. Raby was the most consistent winner by virtue of the fact that he dropped only two matches all season. Byron Walbeck, the Petrel No. 1 man, also had a respectable 11-4 record in matches although he had to sit out the latter part of the season with a sprained ankle.

The Oglethorpe Varsity Tennis Squad posted an impressive 16-3 record this Spring. Perhaps not as well publicized but a lot prettier are the Girls' Tennis Squad under the direction of Mrs. Blazena Bieler. The team was formed on an unofficial basis this season, but it is hoped that the pretty lassies will have a regular schedule next season. Pictured are left to right: front row—Kay Alibrandi, Janice Ely, Mary Burnham, Kris Haug; second row—Mrs. Bieler, Mary Schoen, Phoebe Wood and Susan Livezey.

Joseph William Yates, '36, died recently in Fort Pierce, Florida.

John M. Chesney, '39, passed away April 24 in Houston, Texas, after a short period of illness. A former star athlete at Oglethorpe and member of Alpha Lambda Tau, Chesney served five years with the Army Corps of Engineers; three years overseas (Africa, Italy, France) with the rank of Major. At the time of his death, Chesney was employed by the Graver Tank and Manufacturing Company as an estimating engineer.

GFIC RECEIVES TWO GRANTS

Oglethorpe College will share in two grants recently made to the Georgia Foundation for Independent Colleges, Inc. Presented under the 1966 aid-to-education program, the grants include a \$37,000 gift from the S&H (Sperry and Hutchinson) Foundation, and a \$9,000 gift from the United States Steel Foundation, Inc.

Brent A. Tozzer, Jr., executive director, received the grants on behalf of the Georgia Foundation. The grant presentations were made by S&H district manager Richard Shipe, and Roy C. Rhodes, Atlanta district manager of sales for the United States Steel Corporation.

The GFIC is a member of the Independent College Funds of America, an association of 39 state and regional private college organizations in the United States. Under the Foundation's 1966 program, some \$2.6 million is being given to approximately 700 liberal arts colleges, universities and institutes such as Oglethorpe, and to 21 other organizations dedicated to teaching and learning in America.

This is the 13th consecutive year in which the U.S. Steel Foundation has made financial contributions to non-tax-supported educational organizations in the nation. The combined \$46,000 grant made to the Georgia Foundation will be divided among Oglethorpe and the 8 other member colleges and institutions in the State.
